BHAJAN SANDHYA (IN THE TEMPLE) by  
Swami Tadyuktanandaji Maharaj  
Ramakrishna Math, Bengaluru

"It is culture that withstands shocks, not a mass of knowledge. You can put a mass of knowledge into the world, but that will not do it much good. We all know in modern times of nations which have masses of knowledge, but what of them? They are like tigers, they are like savages, because culture is not there. Knowledge is only skin-deep, as civilization is, and a little scratch brings out the old savage. Teach the masses in the vernaculars, give them ideas; they will get information, but something more is necessary; give them culture.

Swami Vivekananda

(The Complete Works of Swami Vivekananda, vol. 3, p.291)

---

... these and hundreds of other characters of this Epic (Mahabharata) and those of the Ramayana have been the cherished heritage of the whole Hindu world for the last several thousands of years and form the basis of their thoughts and of their moral and ethical ideas. In fact, the Ramayana and the Mahabharata are the two encyclopaedias of the ancient Aryan life and wisdom, portraying an ideal civilisation which humanity has yet to aspire after.
